

Why do I need Dental Pics software?

Better Record Keeping

Keep visual dental records

Submit photos with insurance

Better Patient Communication

Allow your patients to see what YOU see

Make a visual plan of treatment

Take before and after photos

Print photo for patient receipt

Easy to use

No network or database administrator needed

Flexible

Works beside your current practice software

Works with most intraoral or extraoral digital cameras

Less expensive than other software packages

Dental Pics

The Simple Dental Photo Solution

If a picture is worth a thousand words, what is it worth to your patients?

Show your patients what needs to be done

Let them see the difference YOU make

Show the insurance company what YOU saw

Keep a visual record of the patient's progress

Your patients will see what they've been missing elsewhere!

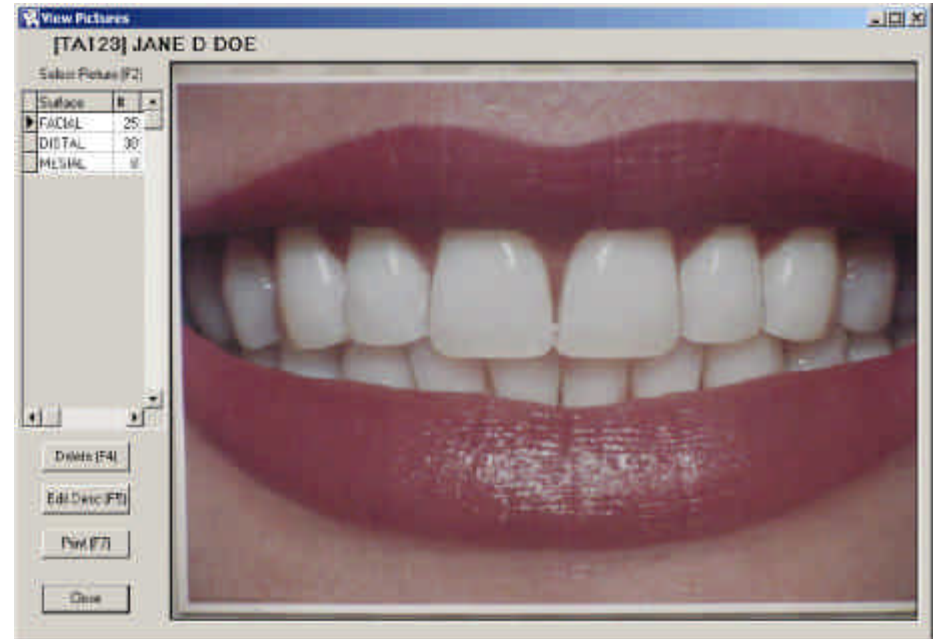

Better record keeping

Better patient communication

Easy to Use

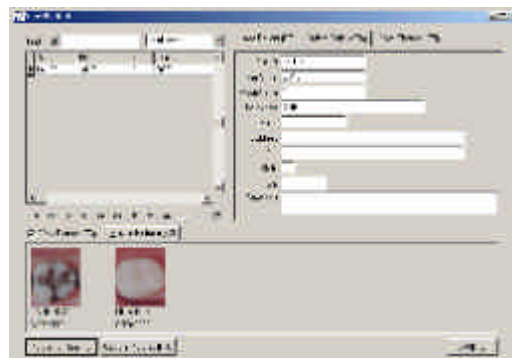

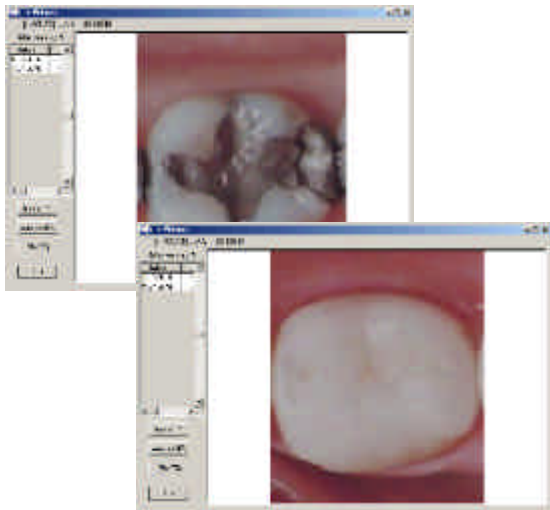

Flexible

Less Expensive
